Low-interest home mortgages okayed

An "enabling ordinance" to allow Granite City officials to begin final preparations for a \$10 million bond issue which would be used for low-interest home loans for middle-income persons and families was approved unanimously by the Granite City Council Tuesday night.

Madisonian. 19, slashed and killed

William Aaron "Billy" Hodge, 19, of 1941 Rhodes St. Madison, a slaying victim, was pronounced dead at 6:59 a.m. today by William Sternberg, a deputy cyroner of Madison County. He had been slashed at least an hour

earlier.
Suffering multiple throat cuts, the victim was found nine-tenths of a mile east of Illinois 203 near Bend Road, in a heavy thicket about 200 feet off the

The ordinance authorizes the city, as a home-rule unit, to issue revenue bonds which will be used to be used t

persons or families earning up to \$40,000 per year to qualify for mortgage loans.

The city hopes to sell \$10 in tax-free revenue bonds through a broker, about \$8.5 million of which will then be available to assure home loans in the city. Since the bonds are tax-free, a lower interest rate can be charged on the home loans, Mayor Schuler said. Currently, First Grantle City National Bank, M. E. Hoffman mor National Bank, M. E. City Attorney Lance Callis, who will serve as bonding attorney for the city, said the program will not cost the city anything. His fees, if there are any, will be paid by the bond underwriters, he said.

The Willard Heraing political story is told in two parts because, depending on which individuals are speaking, he is seen in two ways. One is the boisterous, backslapping, friendly man discussed Monday. The other is a powerful person seeking more power and sometimes leaving frightened people in his wake. For better or worse, he has arrived on the Granite City political scene and is a force to be reckoned with. He is one of three candidates for a Third Ward aldermanic seat next Tuesday, and is widely regarded as likely to be a later candidate for mayor or the state legislature, if successful April 3. HERE ARE THE ANSWERS TO THE MISLEADING OUESTIONS **ASKED ME BY MY OPPONENT** ON MARCH 26, 1979:

stion 1. Why was Superintendent of Streets; and his records, naed by the Federal Grand Jury in Springfield, Illinois??

(Source: July 14, 1977 issue of the Granite City Peace Record)

(Source: July 14, 1977 issue of the Granite City Press Record).

Answer: THE RECORDS WERE SUBPOENAED. I WAS NOT! Also subpoenaed were: The Records of the City Clerk pertaining to "minutes, records, and related documents relating to Granite City. Illinois City Council Actions or City Council Committee involving appropriation of city funds for streets. SEWERS and sanitation and related goods and services for the period January 1, 1970 to present." This is a direct quote from the subpoena and July 14, 1977 issue of the Granite City Press-Record. City Press-Record

Question 2. Why does this case remain open?

Could it be because . . . the Mayor and Board of Aldermen con-tracted with a federally indicted and convicted firm in 1974 for sewer repair work on a unit cost basis with no firm bid required.

. Granite City officials paid \$225,000.00 for work the indicted and convicted firm did not actually perform during its sewer repair job.

Granite City officials could not justify over \$477,731.00 to the federal government spent by City Hall in that sewer contract.

.... Why not ask some of your key political backers why the cases are still open??

Question 3. Why should the citizens of Granite City re-elect a Superin-endent of Streets still under federal investigation??

Concestion 3. May should use characteristic formula of Streets still under federal investigation??

Answer: I repeat, THE RECORDS, NOT I were subpoenaed: These records were subpoenaed back to January 1, 1970, 18 months before I took office as Superintendent of Streets. (Source: July 14, 1977 issue of the Granite City Press-Record and the subpoena issued).

Diana and Diane comment on the extraordinary care they receive from the Lion's Mane.

"The stylist takes the time necessary for each person to develop a look unique to that individual. Fred McCollegan is my stylist, and when I asked for something new he gave me a circle cut. It's different and I like it," Diana commented.

"Brenda Cant and Jay Shapiro designed a style with a 'touch of genius'. The front is a bi-level with drop out fringing around my face. The back is a triangular upblended volume design — prepermed with a volume power perm. The Lion's Mane is always able to give an individual a totally unique, easy to care for style," Diane commented.

ELECT WILLARD HERZING ALDERMAN WARD THREE

☆ A PROVEN LEADER

FOR THE CITIZENS OF WARD THREE

WILLARD HERZING

HERZING CARES FOR PEOPLE

Noting that the people of the 3rd Ward need an Alderman who will be their effective voice af City Hall, Herzing points out that when the Alderman and Neighborhood Organizations work as a team great things can be accomplished. "I would like to be part of that team."

The 3rd Ward needs an Alderman who will provide leadership; an Alderman who will listen to your voice; an Alderman who will work with you as a neighbor and a friend. Herzing will be that kind of Alderman.

I will do all in my power to bring the Neighborhoods of the 3rd Ward their share of federal dollars to preserve our neighborhoods," Herzing declares.

Herzing emphasizes that crime is today's major worry. The citizens of the 3rd Ward have to work with the police department to make the community a safer place to live. The 3rd Ward deserves an Alderman who will be the friendly spokesman for individuals to local authorities. "I will be that spokesman if you elect me your Alderman in Ward 3.

Herzing has received the endorsement of the Trades and Labor Council. He has proposed the following programs:

- 1. See that streets and alleys are repaired and cleaned and given first attention, that salt and cinders are available at all intersections especially near churches and schools.
- 2. We have too long been lax in updating the zoning and planning laws of Granite City. Proper zoning and planning protects property values, provides for orderly growth.
- 3. I believe a program of city beautification can now be pursued. An industrial city such as Granite City has special problems when it comes to pride and beautification, but I believe that active leadership and planning can result in improvements to make the city more pleasing to the eve.
- 4. Update the senior citizens programs for Granite City.
- 5. Establish a youth program for the young people of Granite City. They must have ways and means for entertainment and leisure time.
- 6. First-class equipment for police, fire and street departments so they can provide the services the city is entitled to have.
- 7. To explore avenues of obtaining new industries and jobs for Granite City and its people.

8. New Leadership and new ideas for the Granite City Council. "If elected, I will do my best. I will be truthful, keep in contact with the people in my ward, and listen to their problems and suggestions.

'I will be as near to them as their telephone and will use the newspaper for a regular update of plans and activities for the residents of Ward

The application for federal financial help, which would not totally bind the City of Venice to approval of the development, needs to be submitted by Saturday. Lack of council authorization could decide the issue negatively without much exploration of its advantages or disadvantages. Approval tonight for submitting the application would at least keep the venture alieve for the time being, while its effect is being weighed.

All Venice aldermen have an obligation not to kill the proposal this week. They need to allow time for them and others to consider the "pro and con" facts.

To the Editor: It has been rumored that

It has been rumored that the most publicized candidate for Third Ward alderman has spent thousands of dollars in his race to win this office.

I do not know how much an alderman in Granite City receives for each council meeting he attends. But common sense tells me that he also might spend freely for city programs financed

by taxpayers' money once in office.

Since the Third Ward has received so little attention in the last eight years, howing one working alderman and one "ghost" alderman, who also was an active union representative, it concerns me that the new candidate, with all this money to speak with all this money to speak with all this money to speak of the United Auto Workers.

Are we to have another "ghost" alderman? I intend to vote for Chris VonNida. He has spent less the second on his entire campaign. I feel that my tax dollars will be a lot less, and will go much further, in the hands of a man who can run a campaign so economically.
